

2022 Gender Pay Gap Report

Background.

The Brothers of Charity Services in Ireland provide a variety of services and supports to approximately 6,500 people with an intellectual disability or autism, and their families, throughout Counties Clare, Cork, Galway, Kerry, Limerick, Roscommon, Tipperary, Kilkenny and Waterford.

The supports, which include residential, respite, day, host families, home based, and multidisciplinary, are provided by approximately 5,000 staff with a variety of professional backgrounds and experience, and who are motivated in their work by the Ethos, Vision and Values of the Brothers of Charity Services.

We work in partnership with local communities, state agencies and voluntary organisations to initiate and develop increasingly inclusive opportunities, for and with, the people who use the Brothers of Charity Services.

The Brothers of Charity Services in Ireland is a learning organisation whose responses are based on best practice, and in full recognition of the right of each person to self-determine their life goals and wishes.

We listen to those we serve and, subject to resources, endeavour to provide individuals with high quality supports that best suit their wishes and requirements.

Conclusion. The above demonstrates a very positive gender pay gap which the Services believe is indicative of the work carried out at all levels of the organisation to apply family friendly policies and flexible working as much as can be balanced within the constraints of a 24/7 365 day person-centred service.
